Facility Management Conference

Surviving and Thriving in Ageing Buildings: Issues, Challenges, Investment and Technology

2 & 3 December 2026

2026

PROGRAMME HIGHLIGHTS

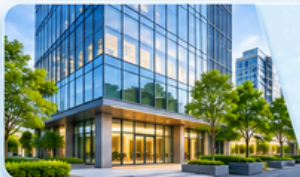

BUILDING CONDITION & RISK

Assess condition, criticality and renewal priorities.

LIFECYCLE COSTING & CAPEX

Build stronger financial cases for repair, replacement and renewal.

ASSET VALUE & OCCUPANCY

Understand how building improvements influence tenants and property performance.

RETROFITTING & SUSTAINABILITY

Modernise existing buildings while managing operational risks.

ASSET DATA & TECHNOLOGY

Explore BIM, digital readiness and smart asset management.

ADAPTIVE REUSE

Extend the useful life of existing and historic buildings.

12 speaking sessions | 2 moderated forums

Speaker, moderator and panellist announcements to follow.

- MAFM members
- Professionals (PMgr., Sr., Ts., Jr.)
- Group bookings

Ageing Buildings

WHAT ABOUT IT?

WHY SHOULD YOU CARE?

Malaysia's rapid development over recent decades has created a large stock of buildings that must now perform well beyond their early operating years. As buildings age, recurring failures, rising maintenance costs, outdated systems and growing compliance expectations can threaten safety, business continuity and asset value. These challenges cannot be solved by maintenance alone.

Owners, managers and service providers must decide what to repair, replace, renew or modernise, as well as justify those decisions with reliable data and sound financial reasoning. FMC 2026 brings together practical experience, investment perspectives and appropriate technology to help organisations make better decisions for ageing buildings.

WHO SHOULD ATTEND?

Property/Asset Owners

Decision-makers responsible for protecting asset value, approving renewal investments and ensuring business continuity.

Government agencies

Federal, state and local authorities responsible for managing, regulating or planning public buildings and infrastructure.

Service Providers

Companies delivering facility management, property management, maintenance, engineering, technology and building improvement services.

Building Professionals

Facility Managers, Property Managers, Engineers, architects, surveyors, consultants and other professionals involved in building performance and renewal.

Across two focused days, FMC 2026 will help you understand how to assess ageing assets, prioritise renewal needs and make better-informed investment decisions. Learn from practitioners and specialists about lifecycle costing, CAPEX justification, business continuity, sustainable retrofitting, asset data and appropriate technology for ageing buildings.

Conference Programme

DAY 1

2 DECEMBER 2026 (WEDNESDAY)

WELCOMING	08.00 09.00	REGISTRATION KEY OPENING ADDRESS <i>Dato' Seri Zohari bin Haji Akob</i> <i>President, Malaysian Association of Facility Management (MAFM)</i>

TEA BREAK	15.40	<i>Networking</i>
FORUM 2	16.00	FROM INSIGHT TO ACTION: WHAT NEXT FOR AGEING BUILDINGS? <i>Moderator: Ts. Dr. Mohd Mazhar bin Mohd Marzuki</i> <i>Panelists: Adjunct Prof. Haji Mohammad Shahrizal bin Mohammad Idris, Sr. Dr. Syamilah binti Yaakob, Ar. Sarly Adre Sarkum</i>
CLOSING	16.50	<i>Key Takeaways and Conclusions</i>

PLAN YOUR PARTICIPATION

FACILITY MANAGEMENT CONFERENCE 2026

2 & 3 December 2026

Kuala Lumpur / Petaling Jaya
Hotel to be announced

YOUR CONFERENCE EXPERIENCE

Two days of sessions and moderated forums focused on practical decisions for ageing buildings.

Ask us for the delegate package, inclusions and accommodation arrangements.

NEED YOUR EMPLOYER'S APPROVAL?

Request a formal quotation, conference programme and available speaker profiles to support your internal approval process.

ATTENDING WITH COLLEAGUES?

Enquire about group bookings and special rates for MAFM members and professionals.

Request a quotation for your team.

BEFORE YOU BOOK

Request the applicable delegate rate, payment arrangements and booking terms, including cancellation, substitution and postponement provisions.

HRD CORP & CPD INFORMATION

Contact our team for programme details and the latest CPD application status to support your employer's application.
